3 hrs. CE, course #37380

\$30

This course has been designed to train real estate agents in the fundamentals of a transaction management system. Training consists of learning to input and assign data plus manage and track the work flow related to pending and current real estate transactions. This training will provide attendees with instruction on program functionality and its application in real estate. This will include general system navigation, uploading and distributing documents, adding notes to the activity log and completing tasks within the program.
